:

Course Website: <http://www.math.lsa.umich.edu/courses/116/>

This site has important information including the Student Guide and homework assignments. It will be updated with other information (e.g. exam rooms) as the semester progresses.

Full Syllabus: <http://www.math.lsa.umich.edu/courses/116/1Syllabus-F16.html>

I will put up useful information on: <http://www.zaitzeff.org/calculus2/>

Make practice exams: <https://dhsp.math.lsa.umich.edu/exams/116exam1shop.html>

Email: You are responsible for information contained in course email messages sent to your official “umich.edu” email address. Please check your email regularly.

Expectations:

Before class I will expect you to have done the reading and the web homework (WeBWorK) for that section.

Email me any questions about the reading or WeBWorK.

If I get no questions, I will assume you know the material moderately well.

In class I will work out problems and have you work on problems.

I will assign homework that is due Tuesdays and Fridays which I will collect six times.

In addition, you will be given regular team homework assignments.

Quizzes: There will be a quiz in class almost every week (usually Fridays).

Math Lab: Free tutoring from the Mathematics Department in East Hall B860.

Hours: Monday through Thursday 11:00 am – 4:00 pm and 7:00 pm – 10:00 pm

Friday 11:00 am – 4:00 pm

Sunday 7:00 pm – 10:00 pm
